Marrick Announces a New \$6M RLOC Facility from ANB Bank

DENVER, CO—(September 1, 2012) Marrick Medical, the healthcare industry leader in the funding and management of accident and third party liability claims, today announced a \$6M RLOC provided by ANB Bank.

“With all the changes happening in healthcare today, I am proud to say our mission here at Marrick has never changed. And that is to provide access to quality medical care for injured patients and to make sure those who provide this care are duly compensated,” said CEO Perry Rickel. “I am so happy to see that all these years of hard work have been recognized and rewarded by such a great funding partner in ANB Bank. Their commitment and belief in our organization will not soon be forgotten.”

“ANB Bank is pleased to fulfill the funding needs of Marrick Medical as they continue to grow,” said Regional President John Fiedler. “After drilling down and vetting Marrick’s business, we recognized their ability to simplify and stabilize a very convoluted process through proprietary systems and technology.”

The new RLOC will enable Marrick to continue its already impressive growth trajectory and allow the company to add even more jobs to the Colorado workforce.

ABOUT ANB BANK

ANB Bank is a large, independently owned community bank with over 30 banking centers located in Colorado, Wyoming and Kansas. Its parent company, Sturm Financial Group, Inc. is headquartered in Denver, Colorado and has financial strength embodied in over \$2 billion in assets. Through a commitment to their local communities, the banking centers create satisfying relationships and opportunities for financial success. It is a passion they have for banking that makes the difference. With friendly experienced staff, empowered to serve customers at each of their locations, banking has never been as pleasant or convenient as it is today at ANB Bank.
