**DENVER, CO—(September 2013)** Marrick Medical, the healthcare industry leader in the funding and management of accident and third party liability claims, has been selected by Inc. as one of the fastest-growing private companies in America. This is Marrick's first time on the prestigious list.

The 2013 Inc. 5000 List identifies successful, privately-held companies with the largest revenue growth between 2009 and 2012. To qualify, companies had to generate minimum revenue of \$100,000 in 2009 and at least \$2 million in revenue in 2012.

With strong revenue growth over the three-year period, Marrick Medical landed on the list at #1856 nationally and #50 in the state of Colorado.

"We've worked vigorously to establish a solid foundation that will lead to many years of growth. With our solid foundation and excellent employees, I have no doubt we will make this list again in the future."
