Marrick Medical Makes Inc. 5000 List for the Fourth Straight Year

DENVER, CO—(September 2016) – Marrick Medical, the healthcare industry leader in the funding and management of accident and third party liability claims, has again been selected by Inc. as one of the fastest growing private companies in America. This is the fourth consecutive year Marrick has made the prestigious list.

“When we started Marrick 10 year ago, we simply wanted to connect patients in need with top medical professionals who would treat them. Now, we find ourselves on the Inc. 5000 list for the fourth consecutive year. I’m really proud of our team and our shared vision.” Said Naul Manthe, Founder and President. “We have been fortunate enough to create many jobs in the great state of Colorado and have given back hundreds of thousands of dollars to Coloradoans in need through Marrick Cares.”

According to Inc., the 2016 Inc. 5000 is the most competitive crop in the list's history. The Inc. 5000's aggregate revenue is \$200 billion, and the companies on the list collectively generated 640,000 jobs over the past three years, or about 8 percent of all jobs created in the entire economy during that period. Making the list puts Marrick Medical in the company of organizations such as Microsoft, Dell, Domino's Pizza, Pandora, Timberland, LinkedIn, Yelp, Zillow and many other well-known names that gained their first national exposure as honorees of the Inc. 5000.
